Specifications:

Finger plastic waterproof electrical enclosure junction box

Material	ABS+PC+PMMA+Stainless steel+Aluminum
Color	Light gray, Dark gray, Black
Size	300*200*150 mm
Weight	1.850kg
Protection	IP67
Lock	Stainless steel
Hinge	Stainless steel
Sealing	Silicone rubber
Mounting	Wall mounting
Operating temperature	-20~60°C
Operating humidity	0~95% RH

1. Made of high quality low gas emission, high mechanical and chemical resist.

2. Film layer is dust and waterproof installed, integral type easy for maintain.

3. Adopt high performance, waterproof, mechanical parts and accessory, stainless stainless steel hinge.

4. Sealing: Level 3, electronics is proof, protect power from waterproof, wear-free metal contact and long life.

5. Application: for all kinds of control box, cabinet, electrical product enclosure, distribution box etc.

Product keywords: waterproof electrical enclosure, switch junction box
