Specifications

Finger plastic waterproof electrical enclosure junction box

Product name	Finger plastic waterproof electrical enclosure junction box
Material	ABS+PC+PMMA
Color	Light grey
Size	600*400*200
Weight	7.5kg
Protection level	IP66
Operating temperature	-40~+80℃
Operation humidity	0~95% RH
Shipping weight	8.5kg
Shipping dimensions	610*410*210

1. Made of high quality, low, anti-static, high hardness and durable ABS.
2. Fire-resist, dust and waterproof materials: ensure lifetime.
3. Suitable for outdoor, waterproof, chemical-proof, anti-corrosion, outdoor conditions, and harsh.
4. Widely used in electronics project, control panel, Film, waterproof, and Wire-rated connection box.
5. Applicable to all sizes of circuit box, remote, electrical, control enclosure, distribution box etc.

Electrical enclosure, waterproof electrical enclosure, control enclosure, distribution box etc.

= Enclosure Manufacturer
