

| | |
|----------------|----------------------------------------------------------------------|
| Product Name | Plastic waterproof enclosure junction box with drilling |
| Model Number | AK-B-G212MF |
| External Size | 145*91*56.5MM |
| Material | PC |
| IP level | IP65 |
| Type | Connection Junction Box |
| Advantage | Sealed enclosure with the flanges for wall mounting |
| Function | Provides protection against dust and moisture |
| Feature | It possesses wear resistance, corrosion resistance, aging resistance |
| Application | Outdoor electrical equipment and PCB protective enclosures |
| Custom Service | Cuout,logo,color,silkscreen,label ,Acrylic sheet |
