

What can SZOMK do for you?

Main categories: plastic shells, aluminum shells, plastic injection molds, CNC products, 3D printing products

1, **Model 2000** One-stop shell of the factory, some commodities in our stock - **Subscribe: 1 PC**

2. We can do it **DIY** Small order customization service-----**Subscription: 20-50 PCs**

3. We can design **Private customs** Case (if PCB is provided)

4, to **Private mold** Custom (provides examples or step files)

6. **Customized services:** Cut/mold/acrylic board/PVC label/silk screen/laser engraving/sticker/silicone/cancel color, very quickly.

[Contact Szomk-](#) Provide expert technical advice for your PCB and electronic components and discover how easy it is to designate the perfect housing for your electronics. **Drawings are provided for each model.**

90*46*18mm AK-H-89 Abs Electrical Enclosures Plastic Box For Gps Tracker Products

Product parameters	
Type	Plastic handheld enclosure
Model Number	AK-H-89
External Size	90*46*18mm
Material	ABS
Advantage	Gps Remote Control Electronic Wireless Smart Junction Box
Application	GPRS enclosure for wireless transmission
Customization	Silkscreen, cutout, label, laser Engrave
Drawing Format	DWG, CAD, PDF, 3D

SZOMK Handheld Plastic Enclosure

Handheld Chassis Ergonomic Handheld Chassis for Mobile Electronics Devices throughout, manufacturing advanced ergonomic handheld chassis dimensions has been the main focus of our projects. Today, we offer a variety and styles to suit indoor and outdoor electronic equipment.

SZOMK handheld enclosures has an aesthetic and timeless design and is extremely comfortable to hold, guaranteeing safe and fatigue-free operation. Our standard enclosures have many built-in features and are set up to be compatible with modern electronic components. Includes: battery compartment for N, AAA, AA, C and 9 V type batteries, mounting points for pcb, display module, PCMCIA card and connectors, high protection classes from IP 54 to IP 65, for protective film keyboard and holder areas for product labels, as well as the molding of reinforced, impact-resistant plastics for industrial use, or infrared-permeable materials for remote control signals. A wide range of accessories allows you to add extra functionality to your case, such as braid/pocket clips, lanyards, desktop and wall stations with contacts for battery charging and data transfer, tilt stands and more. Select and design a handheld housing that meets your specific requirements. Suitable for measuring instruments, controllers, network equipment, RFID tags, data loggers, medical equipment.
